

HEATHFIELD HOUSE

DELUXE RESIDENTIAL CARE

EST. 2010

15.11.2016

To whom it may concern,

Heathfield Residents have been able to access the services of Stewart and Smith podiatry service since December 2015.

During this time, Alistair Smith has provided a professional and comprehensive service to residents. He follows up on his work and ensures records are kept accurately for residents. Alistair demonstrates real patience and kindness to residents and is particularly good at helping people with dementia, receive the correct care they require.

I have been so satisfied with the level of service and care provided that I use the same service as do family members on my recommendation.

Yours Sincerely,

Christine O'Rourke
Home Manager
